RIC AL.

Industry's Western Goal

Richmond occupies a strategic position on the Bay of San Francisco.

It faces the Golden Gate, has developed harbor facilities on an inner and outer waterfront, is well provided with transcontinental rail facilities through the Southern Pacific and the Santa Fe, and has large areas of level, well located land for big industrial enterprises.

Richmond has an equable climate, excellent educational institutions, a sensible tax rate, steady year-round employment for its workers, and a wide-awake, forward-looking municipal administration.

The Chamber of Commerce is closely identified with all ... enta-ti... cen-tr... and i...

RICHM CIATION

RICHMOND, CALIFORNIA

"Richmond, Industry's Western Goal"

TO WHOM IT MAY CONCERN:

The Executive Board of the RICHMOND MERCHANTS' ASSOCIATION considers the POLK RICHMOND CITY DIRECTORY of vital importance to our city and favors advertising in it.

This endorsement, however, in no way pledges or binds the members of the Association, as they are at liberty to use their own judgment in the matter.

By way of information, we may add that the POLK DIRECTORY COMPANY now maintains a Directory Library of approximately one hundred volumes in the Chamber of Commerce Headquarters here and this branch is one of a chain of three hundred and fifty libraries in which the RICHMOND CITY DIRECTORY will be found.

INTRODUCTION

The volume herewith presented constitutes R. L. Polk & Co.'s Richmond and Martinez Directory for 1929. The publishers have endeavored to produce a volume combining all that is vital in the civic, social and industrial life and activity of the above cities.

A careful enumeration of the citizens and business interests of the community and a compilation of the result by trained employees assures as correct and reliable a work of its character as is possible to be produced. The publishers have an organization solely devoted to the publication of directories, and their methods and resources are unrivalled. Their imprint on the hundreds of directories published for cities throughout the country attests the quality and reliability of their product.

Population

The present volume contains by actual count 13,857 names, exclusive of married women and children. Using the usual multiple used by Directory Publishers this gives a population for Richmond of 31,179.

Municipal Publicity

An important function of the Directory is to set forth the characteristics and advantages of the city as a place of residence, as a business location, as an industrial site and as an educational center. The Directory acts as a mirror, reflecting all that is noteworthy in the city in the above respects. In order to spread this information regarding the city broadcast over the country the publishers place copies of this issue of the Directory in Directory Libraries which are maintained in all the larger cities of the country, where they are readily available for reference use by the public. There they serve as perpetual advertisements of Richmond, for business men the country over realize that the City Directory represents the community as it really is.

Directory Library

A Library of Directories is maintained by the publishers at the Chamber of Commerce for the free use of our patrons to whom we extend a cordial invitation to make frequent use of this library, either in person or by mail, and to consult the Directories on file as often as desired when information in regard to any individual, firm, corporation or institution located in other cities is desired.

The publishers take this opportunity of thanking the citizens for valuable assistance rendered in the way of furnishing information concerning themselves and their friends for this Directory, and also the public-spirited and progressive business and professional men for support given in the way of patronage.

R. L. POLK & CO. OF CALIFORNIA

Statistical Review

Name of City: Richmond, California.

Slogan or sub-phrase: "Richmond, Industry's Western Goal."

Form of Government: City Manager and City Council.

Population: Government estimate, 16,083 (1920). Local estimate, 31,179.

RICHMOND

The Fourth Largest Manufacturing City in the State of California

Richmond, California, already phenomenal in its growth, looks forward to a still greater era of development in the years just ahead.

While the city has grown to a population of more than 31,000 practically within less than twenty years, it is believed this record of growth is to be outdistanced by the developments of the future. Students of civic growth are predicting a population of 75,000 for Richmond within the next five years.

Reasons for this are found in the many inquiries for locations for industries chief among which is found the Ford Motor Company, which has purchased 70 acres of land as a site for a huge $5,000,000 assembling plant. Many other large concerns have recently shown an interest in Richmond as the location for a new western factory, and indications lead to the belief that the city will continue to grow in an industrial way and to justify its slogan "Richmond, Industry's Western Goal."

Already Richmond is the fourth payroll city in California with an annual payroll of $15,000,000. It is the fourth port in California in point of actual tonnage handled. Within its borders it produces 14 per cent of the water borne commerce of San Francisco bay.

The history of the city really begins in 1900 when the Santa Fe railroad located its western terminal here. In 1901 the Standard Oil Company established its refinery at Point Richmond with 80 employees. Now the refinery has grown until it employs 3,000 men throughout the year and has an annual payroll of $6,000,000. It produces more than 600 separate products from California crude petroleum, everything from asphalt to the finest of medicinal oils. Lubricants, greases, gasoline, kerosene, vaseline, floor polish and many other products are found in the long list that comes from the great plant at Richmond.

Notable among the other industries are the Certain-teed Products Company, Giant Powder Company, Hopkins Spray Equipment Company, Republic Steel Package Company, and the Stauffer Chemical Company.

Richmond is situated on deep water and at the same time is served by two transcontinental railroads, the Santa Fe and the Southern Pacific.

It therefore enjoys the advantageous and convenient shipping service on the coast, and its industries are prepared to serve the domestic and foreign markets as economically as any other Pacific Coast city.

Richmond shares with other cities on the east shore of San Francisco bay an ideal all year working climate. It possesses an attractive home atmosphere and good residential tracts where homes may be acquired by working men at reasonable cost. It has large modern school buildings with adequate playgrounds and highly trained staffs of teachers to equip the younger generation for the struggle of life.

Richmond has been found by its residents to be an ideal home city and is annually attracting many new families who show no tendency to move elsewhere.

Theaters, well managed shops with large and attractive stocks add to the list of features that make the city attractive to the home dweller.

Shipping is largely over the Parr Richmond wharf on the outer harbor and the Parr Richmond wharf on the inner harbor, the latter now in process of completion. Both facilities are operated under a joint agreement between the Parr Terminal Company and the City of Richmond. The plan is satisfactory and the city receives a substantial annual revenue.

Richmond is one of the cities included in the East Bay Municipal Utility District, and in the near future will enjoy along with eight other municipalities the benefits of an unlimited supply of pure mountain water. The supply will be piped from the Mokelumne river nearly 100 miles away through a new water system now in process of completion. This is strictly a municipal enterprise, financed by public bond issues and managed by a board of directors elected by the people. Henry A. Johnston of Richmond is one of the directors, chosen at the last election.

Specifications and Gratifications

The specifications tell you what an automobile is made of and how it is built.

The character of the local dealer, his service departments, his stocks of parts, his equipment and his responsibility tell you what you are going to get out of the car in terms of day-by-day satisfaction.

You can be sure on both counts here—sure of a good car, and of a good place to buy it.

This Publication Is The Product of a Member of

Thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To cooperate with approved organizations and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

Association of North American Directory Publishers

524 Broadway **New York City**

ABBREVIATIONS

acct ..... accountant

Your City Directory Is Standardized

Be it Kalamazoo or Baraboo, information arrangement is uniform. Sixteen gauge wire is identically the same size in Boston or Bellingham, railroad tracks are the same width in Connecticut and California, shoe sizes are standard whether made in Brockton or Stockton, and so on, ad infinitum.

BREUNER'S Furniture for Every Room in the Home, Rugs and Floor Coverings, Tableware, Lamps, Draperies, Phonographs and Radios, Stoves and Ranges, Bedding, Pianos and Baby Furniture, 322 10th, Phone Richmond 159 (See right bottom lines and page 25)

Your City Directory Is Standardized

Be it Kalamazoo or Baraboo, information arrangement is uniform. Sixteen gauge wire is identically the same size in Boston or Bellingham, railroad tracks are the same width in Connecticut and California, shoe sizes are standard whether made in Brockton or Stockton, and so on, ad infinitum.

Your City Directory Is Standardized

Be it Kalamazoo or Baraboo, information arrangement is uniform. Sixteen gauge wire is identically the same size in Boston or Bellingham, railroad tracks are the same width in Connecticut and California, shoe sizes are standard whether made in Brockton or Stockton, and so on, ad infinitum.

Your City Directory Is Standardized

Be it Kalamazoo or Baraboo, information arrangement is uniform. Sixteen gauge wire is identically the same size in Boston or Bellingham, railroad tracks are the same width in Connecticut and California, shoe sizes are standard whether made in Brockton or Stockton, and so on, ad infinitum.

Your City Directory Is Standardized

Be it Kalamazoo or Baraboo, information arrangement is uniform. Sixteen gauge wire is identically the same size in Boston or Bellingham, railroad tracks are the same width in Connecticut and California, shoe sizes are standard whether made in Brockton or Stockton, and so on, ad infinitum.

Your City Directory Is Standardized

Be it Kalamazoo or Baraboo, information arrangement is uniform. Sixteen gauge wire is identically the same size in Boston or Bellingham, railroad tracks are the same width in Connecticut and California, shoe sizes are standard whether made in Brockton or Stockton, and so on, ad infinitum.

Your City Directory Is Standardized

Be it Kalamazoo or Baraboo, information arrangement is uniform. Sixteen gauge wire is identically the same size in Boston or Bellingham, railroad tracks are the same width in Connecticut and California, shoe sizes are standard whether made in Brockton or Stockton, and so on, ad infinitum.

Your City Directory Is Standardized

Be it Kalamazoo or Baraboo, information arrangement is uniform. Sixteen gauge wire is identically the same size in Boston or Bellingham, railroad tracks are the same width in Connecticut and California, shoe sizes are standard whether made in Brockton or Stockton, and so on, ad infinitum.

Your City Directory Is Standardized

Be it Kalamazoo or Baraboo, information arrangement is uniform. Sixteen gauge wire is identically the same size in Boston or Bellingham, railroad tracks are the same width in Connecticut and California, shoe sizes are standard whether made in Brockton or Stockton, and so on, ad infinitum.

Your City Directory Is Standardized

Be it Kalamazoo or Baraboo, information arrangement is uniform. Sixteen gauge wire is identically the same size in Boston or Bellingham, railroad tracks are the same width in Connecticut and California, shoe sizes are standard whether made in Brockton or Stockton, and so on, ad infinitum.

Your City Directory Is Standardized

Be it Kalamazoo or Baraboo, information arrangement is uniform. Sixteen gauge wire is identically the same size in Boston or Bellingham, railroad tracks are the same width in Connecticut and California, shoe sizes are standard whether made in Brockton or Stockton, and so on, ad infinitum.

Your City Directory Is Standardized

Be it Kalamazoo or Baraboo, information arrangement is uniform. Sixteen gauge wire is identically the same size in Boston or Bellingham, railroad tracks are the same width in Connecticut and California, shoe sizes are standard whether made in Brockton or Stockton, and so on, ad infinitum.

Your City Directory Is Standardized

Be it Kalamazoo or Baraboo, information arrangement is uniform. Sixteen gauge wire is identically the same size in Boston or Bellingham, railroad tracks are the same width in Connecticut and California, shoe sizes are standard whether made in Brockton or Stockton, and so on, ad infinitum.

Your City Directory Is Standardized

Be it Kalamazoo or Baraboo, information arrangement is uniform. Sixteen gauge wire is identically the same size in Boston or Bellingham, railroad tracks are the same width in Connecticut and California, shoe sizes are standard whether made in Brockton or Stockton, and so on, ad infinitum.

Your City Directory Is Standardized

Be it Kalamazoo or Baraboo, information arrangement is uniform. Sixteen gauge wire is identically the same size in Boston or Bellingham, railroad tracks are the same width in Connecticut and California, shoe sizes are standard whether made in Brockton or Stockton, and so on, ad infinitum.

Your City Directory Is Standardized

Be it Kalamazoo or Baraboo, information arrangement is uniform. Sixteen gauge wire is identically the same size in Boston or Bellingham, railroad tracks are the same width in Connecticut and California, shoe sizes are standard whether made in Brockton or Stockton, and so on, ad infinitum.

Your City Directory Is Standardized

Be it Kalamazoo or Baraboo, information arrangement is uniform. Sixteen gauge wire is identically the same size in Boston or Bellingham, railroad tracks are the same width in Connecticut and California, shoe sizes are standard whether made in Brockton or Stockton, and so on, ad infinitum.

Your City Directory Is Standardized

Be it Kalamazoo or Baraboo, information arrangement is uniform. Sixteen gauge wire is identically the same size in Boston or Bellingham, railroad tracks are the same width in Connecticut and California, shoe sizes are standard whether made in Brockton or Stockton, and so on, ad infinitum.

Your City Directory Is Standardized

Be it Kalamazoo or Baraboo, information arrangement is uniform. Sixteen gauge wire is identically the same size in Boston or Bellingham, railroad tracks are the same width in Connecticut and California, shoe sizes are standard whether made in Brockton or Stockton, and so on, ad infinitum.

Your City Directory Is Standardized

Be it Kalamazoo or Baraboo, information arrangement is uniform. Sixteen gauge wire is identically the same size in Boston or Bellingham, railroad tracks are the same width in Connecticut and California, shoe sizes are standard whether made in Brockton or Stockton, and so on, ad infinitum.

Your City Directory Is Standardized

Be it Kalamazoo or Baraboo, information arrangement is uniform. Sixteen gauge wire is identically the same size in Boston or Bellingham, railroad tracks are the same width in Connecticut and California, shoe sizes are standard whether made in Brockton or Stockton, and so on, ad infinitum.

POLK'S RICHMOND STREET AND AVENUE GUIDE AND HOUSEHOLDERS' DIRECTORY 1929

R. L. Polk & Co. of California, Publishers

In the following list, the named Streets, Avenues, etc., are arranged in alphabetical order. The number of each building on the street is given in numerical order, and opposite the number is printed the name of the occupant or householder. To find the occupation of householder, refer to the alphabetical list of names.

Your City Directory Is Standardized

Be it Kalamazoo or Baraboo, information arrangement is uniform. Sixteen gauge wire is identically the same size in Boston or Bellingham, railroad tracks are the same width in Connecticut and California, shoe sizes are standard whether made in Brockton or Stockton, and so on, ad infinitum.

Your City Directory Is Standardized

Be it Kalamazoo or Baraboo, information arrangement is uniform. Sixteen gauge wire is identically the same size in Boston or Bellingham, railroad tracks are the same width in Connecticut and California, shoe sizes are standard whether made in Brockton or Stockton, and so on, ad infinitum.

Your City Directory Is Standardized

Be it Kalamazoo or Baraboo, information arrangement is uniform. Sixteen gauge wire is identically the same size in Boston or Bellingham, railroad tracks are the same width in Connecticut and California, shoe sizes are standard whether made in Brockton or Stockton, and so on, ad infinitum.

Your City Directory Is Standardized

Be it Kalamazoo or Baraboo, information arrangement is uniform. Sixteen gauge wire is identically the same size in Boston or Bellingham, railroad tracks are the same width in Connecticut and California, shoe sizes are standard whether made in Brockton or Stockton, and so on, ad infinitum.

Your City Directory Is Standardized

Be it Kalamazoo or Baraboo, information arrangement is uniform. Sixteen gauge wire is identically the same size in Boston or Bellingham, railroad tracks are the same width in Connecticut and California, shoe sizes are standard whether made in Brockton or Stockton, and so on, ad infinitum.

Your City Directory Is Standardized

Be it Kalamazoo or Baraboo, information arrangement is uniform. Sixteen gauge wire is identically the same size in Boston or Bellingham, railroad tracks are the same width in Connecticut and California, shoe sizes are standard whether made in Brockton or Stockton, and so on, ad infinitum.

When People "Want"!!

They Look In the

City Directory

(CLASSIFIED SECTION)

Is your name under the commodity they seek?

If not, that opportunity of routing valuable business to you is lost. It's about the same as if you kept one of your entrance doors locked.

Hadn't you better investigate your omnipresent City Directory, and convince yourself of how it can help your business?

MARTINEZ

Supplied by the Martinez Chamber of Commerce

Martinez, a typical old Spanish town thirty miles north of San Francisco, beautifully situated in a natural cove like amphitheatre in between the Contra Costa hills, overlooks Suisun Bay. With a population of over 7000, Martinez with her face to the west and the possibilities and ideals of the optimistic cities of California, has a future before her.

Martinez, one of the earliest settled towns of California, with her history dating back to the beginning of the State, is the county seat of Contra Costa County, a county which has one of the most historical as well as romantic histories of any of the counties in the state. It is the center of many historic points of interest.

Five concrete highways radiate from Martinez. Three routes lead to San Francisco; one the famous scenic Bay Shore Drive to Oakland, another over the tunnel road across the Berkeley hills and into the Oakland pier and San Francisco Bay and the third winding through beautifully wooded Franklin Canyon. This latter is a double highway and one of the finest in the state. Of the remaining two, one goes north across the Martinez Benicia Ferry to the Napa and Sacramento Valleys and northern points, the other east to Stockton and on into the Bret Harte Country.

Extending south from Martinez is the delightful and fertile Alhambra Valley from where each year many tons of the finest cherries, peaches, pears and apricots are shipped to eastern markets. To the southeast of Martinez rises the majestic peak of Mount Diablo. It is said that from the summit of this stately mountain one may gain at a glance more of the earth's surface than from any other point of eminence in the world. This is possible, in spite of its scant 4000 feet of elevation, due to the isolated situation occupied by this famous mountain.

The city has two transcontinental railroad lines; a deep water frontage which permits the shipping of local commodities to the East Bay region and San Francisco; two electric power

companies providing power for manufacturing and domestic requirements; three crude oil pipe lines that tap the fields of California; the Shell Company of California and the Associated Oil Company have their refineries located here. Contra Costa County, with Martinez in the center and Richmond in the west, practically monopolizes the refining industry.

Martinez has easy access to the thickly populated centers of labor and has shown phenomenal building growth during the past year. It can, however, in no sense be considered a "boom" town. In both industry and agriculture it has been a steady and consistent growth and development, and today, the prosperity which we enjoy is on a solid, substantial basis. The products of the soil are of the quality essential to ready sale, and the factories, with scarcely a single exception, are manufacturing staples for which there is always a market. Nearness to large centers of distribution make selling easy and the superior shipping facilities greatly simplify the handling of merchandise as well as receiving the raw materials used in industry. The entire County of Contra Costa, happy in its combination of farm and factory, enjoys a well-balanced income and is proof of that desirable economic condition where both rural and urban population are receiving adequate return for what is produced.

Taken as a whole, Martinez is a "good place to live." Perhaps more wage earners own their own homes here than in any other town of its size in California. Only a short trip by train, motor bus or automobile are: San Francisco, the metropolis of the Pacific Coast; Oakland, the "Industrial Capital of the West"; Berkeley, the location of the University of California; and Sacramento, the State capital. There are numerous golf clubs, good fishing, both commercial and pleasure in the bay, and various other sports of interest; a splendid school system, both elementary and high makes education facilities the equal of anything the state affords; the city has its own water system; every street within the city limits is paved; fine school buildings, churches, civic buildings and theatres. Its community and industrial development bespeak of its future.

Your City Directory Is Standardized

Be it Kalamazoo or Baraboo, information arrangement is uniform. Sixteen gauge wire is identically the same size in Boston or Bellingham, railroad tracks are the same width in Connecticut and California, shoe sizes are standard whether made in Brockton or Stockton, and so on, ad infinitum.

Your City Directory Is Standardized

Be it Kalamazoo or Baraboo, information arrangement is uniform. Sixteen gauge wire is identically the same size in Boston or Bellingham, railroad tracks are the same width in Connecticut and California, shoe sizes are standard whether made in Brockton or Stockton, and so on, ad infinitum.

Your City Directory Is Standardized

Be it Kalamazoo or Baraboo, information arrangement is uniform. Sixteen gauge wire is identically the same size in Boston or Bellingham, railroad tracks are the same width in Connecticut and California, shoe sizes are standard whether made in Brockton or Stockton, and so on, ad infinitum.

Your City Directory Is Standardized

Be it Kalamazoo or Baraboo, information arrangement is uniform. Sixteen gauge wire is identically the same size in Boston or Bellingham, railroad tracks are the same width in Connecticut and California, shoe sizes are standard whether made in Brockton or Stockton, and so on, ad infinitum.

Frank Wong Him

LEADING HERBALIST

FRANK WONG HIM is a graduate of the famous Herbal College in Canton, China. He has been with his father, DR. WONG HIM, during the past 3½ years, in private cases; also had 4 years' practice at the Canton County Hospital in China.

THE EXTENSIVE EXPERIENCE of FRANK WONG HIM in the use of every herb for internal and external purposes is unexcelled.

To Those Whom It May Concern:

For five years I have suffered from Asthma, during which time I sought in vain for relief from Asthma specialists and herbalists. Then I heard of Frank Wong Him Treatment. After I had taken it but three days I found instant relief.

E. CROOK.

Your City Directory Is Standardized

Be it Kalamazoo or Baraboo, information arrangement is uniform. Sixteen gauge wire is identically the same size in Boston or Bellingham, railroad tracks are the same width in Connecticut and California, shoe sizes are standard whether made in Brockton or Stockton, and so on, ad infinitum.

Your City Directory Is Standardized

Be it Kalamazoo or Baraboo, information arrangement is uniform. Sixteen gauge wire is identically the same size in Boston or Bellingham, railroad tracks are the same width in Connecticut and California, shoe sizes are standard whether made in Brockton or Stockton, and so on, ad infinitum.

Your City Directory Is Standardized

Be it Kalamazoo or Baraboo, information arrangement is uniform. Sixteen gauge wire is identically the same size in Boston or Bellingham, railroad tracks are the same width in Connecticut and California, shoe sizes are standard whether made in Brockton or Stockton, and so on, ad infinitum.

Your City Directory Is Standardized

Be it Kalamazoo or Baraboo, information arrangement is uniform. Sixteen gauge wire is identically the same size in Boston or Bellingham, railroad tracks are the same width in Connecticut and California, shoe sizes are standard whether made in Brockton or Stockton, and so on, ad infinitum.

We Can Furnish You Any Directory in The World
R. L. POLK & CO., DIRECTORY SALES DEPT.

It Pays To Be Prominently Displayed

To let people know WHO you are, WHERE you are and WHAT you have to sell. The City Directory keeps your name before the public 365 days in the year, and it cannot be prominently displayed in any book so CONSTANTLY used as the City Directory.

How To Make Application for Water Service

When you move into a new house—whether owned by you or rented—the first requirement necessary is Water Service.

It is no trouble to get this service. You may come to the office and personally sign for meter connection—you may write your request for water—or if in the confusion of moving it is not convenient to write or call, a telephone message will bring one of our service men to you at any time and place desired.

It is our desire to make it easy and convenient for you to get water service. Our Order Department is instructed to comply promptly with every reasonable request.

If you are a new comer to this community and have not previously paid water bills for a year and do not own your own home, you will be asked to make a deposit of $2.50, which will be returned to you after one year with interest at 6%. If, however, you are a property owner, or have previously been prompt in paying water bills for a period of one year, no deposit will be asked.

The Water Company is anxious to serve you in every possible way, and the development of this broad policy of handling orders is part of the service to you.
